

Our purpose – Eliminating Child Sexual Abuse

The Pennsylvania Coalition Against Rape (PCAR) established the Vision of Hope Fund in 2005 to battle child sexual abuse by funding innovation in child sexual abuse prevention and intervention. We prioritize critical research, effective prevention strategies, teaching adult responsibility and accountability, and supporting services to children who have been sexually victimized. Sexual violence against children is/includes:

Federal Child Abuse Prevention and Treatment Act definition:

The employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or assist any other person to engage in, any sexually explicit conduct or simulation of such conduct for the purpose of producing a visual depiction of such conduct; or the rape, statutory rape, molestation, prostitution, or other form of sexual exploitation of children, or incest with children.

Pennsylvania Statute:

An act or failure to act by a perpetrator that causes sexual abuse or sexual exploitation of a child under age 18; any recent act, failure to act, or series of such acts or failures to act by a perpetrator that creates an imminent risk of sexual abuse or sexual exploitation of a child under age 18.

Sexual abuse or exploitation means the employment, use, persuasion, inducement, enticement, or coercion of any child to engage in or assist any other person to engage in any sexually explicit conduct or any simulation of any sexually explicit conduct for the purpose of producing: any visual depiction, including photographing, videotaping, computer depicting, or filming of any sexually explicit conduct.

The rape, sexual assault, involuntary deviate sexual intercourse, aggravated indecent assault, molestation, incest, indecent exposure, prostitution, statutory sexual assault, or other form of sexual exploitation of children.

NSVRC/PCAR definition:

Any sexual contact between a child and an adult (or older child) that results in sexual stimulation and gratification for the adult or older child.

Child sexual abuse may include rape, incest, sodomy, indecent assault, sexual touching or fondling of the child's genitals, exposing children to adult sexual activity, exposing the child to adult movies and photographs (pornography), sexualized talk, having the child pose, undress, or perform in a sexual nature, voyeurism, and prostitution.

Funding Priorities

PCAR/NSVRC, through the Vision of Hope Fund, welcomes grant proposals that address the following funding priorities:

Prevention:

The Vision of Hope Fund supports initiatives and innovative strategies that provide adults and communities with the knowledge and tools to recognize risk factors or signs of abuse and learn to become the interveners and protectors of children. Areas of strategic focus include:

- Reducing child sexual abuse through adult-based education and public awareness
- Providing adults with information to prevent, recognize and respond responsibly in the face of child sexual abuse
- Shifting responsibility for child sexual abuse prevention from children to adults
- Motivating adults to move beyond bystander behavior to become active protectors of children
- Translating current theory, research and practice into practical recommendations to support the prevention of child sexual abuse

Intervention and Treatment:

Efforts include crisis intervention and therapy to help victims of sexual violence recover. Equally critical are efforts to identify and disseminate the most effective treatment interventions in helping young victims recover. Activities in this area include:

- Providing training for children's crisis advocates and counselors in cutting-edge treatment strategies such as trauma-focused play therapy
- Disseminating effective, family-focused intervention treatment modules and parent/child therapy protocols to professionals working with families where a child has been sexually abused
- Promoting parenting training in households at high risk for child sexual abuse
- Investing in offender-focused interventions such as the treatment of juvenile sex offenders
- Evaluating the appropriateness and efficacy of existing treatment procedures and protocols commonly used with abused children and their families

Guidelines

The proposal process includes two stages:

1. Open call for Letter of Inquiry: Letters must be submitted to PCAR by November 17, 2017, 5:00 pm Eastern Time through the grant management system.
2. Submission of Full Proposal: Invitations for select applicants to submit a full Grant Proposal will be notified by December 18, 2017 and provided further guidelines. Deadline for full grant proposal to be submitted to PCAR is January 19, 2018.

- All applicants must submit a Letter of Inquiry. Letters will be reviewed by PCAR/NSVRC staff and members of the Research & Innovation Committee. A limited number of applicants will be invited to submit a full grant proposal.
- A total of \$50,000 is available to fund one or more projects during fiscal year 2018-19. Awards are contingent on the availability of funding and are subject to approval of the PCAR/NSVRC Chief Executive Officer.
- One-year grants will be awarded. The grant is for activities to be conducted during the period July 1, 2018 through June 30, 2019.

Eligibility of Applicants:

Eligible applicants include public agencies (including state agencies, units of local government, public universities and colleges) and private organizations (including faith- and community-based organizations) conducting grant activities, including 501(c)(3), LEA (local education agencies), individual researchers or research organizations.

Ineligible projects include:

- International proposals
- Funding for new personnel position
- Funding to replicate an existing project that is already being used elsewhere

Applicants must provide documentation of 501(c)(3) determination, and be registered with the Pennsylvania Bureau of Charitable Organizations or able to provide a description of the reason they are exempt from BCO registration.

Joint applications from two or more eligible applicants are welcome; however, one applicant must be clearly indicated as the primary applicant (for correspondence, award, and management purposes) and the others indicated as co-applicants.

Applications are encouraged from researchers and evaluators in all relevant disciplines, using traditional or innovative methodological strategies. Multi-disciplinary research collaborations, as well as collaborations between researchers and community programs, are strongly encouraged.

If the research is collaborative, written assurances of the collaboration must be provided. Similarly, when specific programs or agencies are the subject of an applicant's research or evaluation, the application should include letters of commitment or cooperation from the relevant program or agency. Applicants must demonstrate that they have experience or ability related to the type of research or evaluation they propose to conduct.

Research that demonstrates collaboration among multiple disciplines and between researchers and practitioners is encouraged.

Additional Information:

- The RFP is issued by the Vision of Hope Fund of PCAR. Stephanie King, Development Officer, is the primary point of contact for any questions. Please contact her at sking@pcar.org or 800-692-7445 ext.150.
- This is a competitive process. Not all applications will be funded and applications that are funded may not be funded at the requested levels.
- All materials developed under the Vision of Hope Grant award will become the property of PCAR unless otherwise negotiated.

Letters of Inquiry Formatting:

Letters should include:

- Brief description of your organization
- Project goals
- Primary activities, including how your project reflects the mission, goals, and priorities of the Vision of Hope Fund
- Measurable outcomes
- Funding amount requested
- Copies of 501 (c) (3) determination and registration with the Pennsylvania Bureau of Charitable Organizations
